

Dorothy

Mother and daughter,
sister, aunt, and grandmother,
and treasured friend.

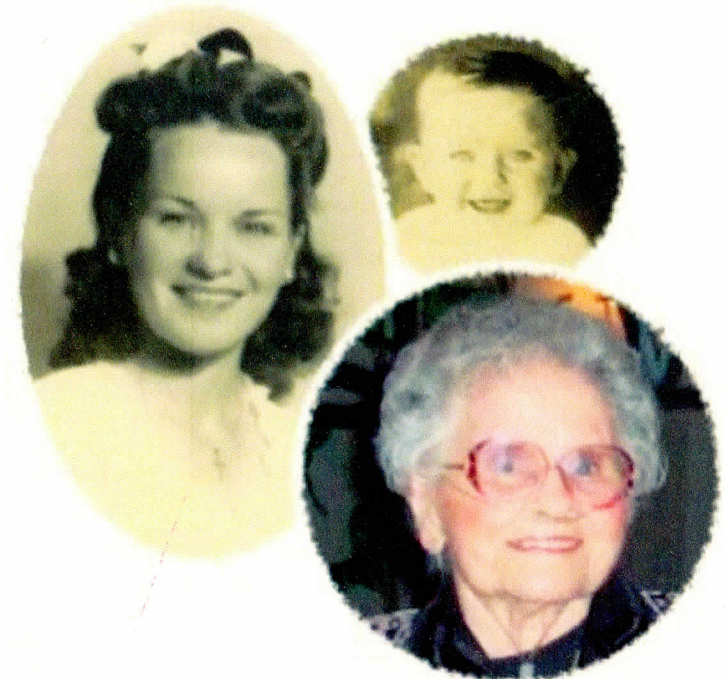

Dorothy, a fellow published author, inspired me to take a moment to do what I do best—help people preserve their life stories. I created this simple memento for family members to hold onto when the body is no long available to hug.

Although I didn't meet her, she touched my life through her simple, but poignant story, *Six Months to Live and Laugh*. She gave me cause to smile then, and even still today.
