Life Story Video Montages

❖ Lafayette, CO ❖

Making your memories come alive

Create Something Priceless

3 - 5 day turn

CHOOSE PHOTOS & MUSIC

Gather the most memorable pictures that highlight the person whose life you are featuring—you or a family member. Choose music that is fitting to his or her personality.

LEAVE THE CREATION TO US

Provide us with your photos, music choice, and information form, and rest assured that we will create a life story montage that reflects what's important to you and your family. We'll scan your photos, taking care as if they were our own, returning your originals and the finished montage in a timely fashion.

CELEBRATE AN OCCASION OR A LIFETIME

This is your time to make your experiences and special occasions with those you love shine. The life story montage helps you show how much you care, helps you preserve the memories that matter most to you, and may even take you on a journey of discovery.
